ABOUT THIS DOCUMENT

This Financial Services Guide describes TP Capital Management Pty Ltd's financial planning and advisory services to assist you to decide whether to use our services. It describes how we are remunerated, our authorising licensee, our professional indemnity insurance and how we handle any complaints you may have.

What other documents are there?

When we provide you with personal financial product advice, you will receive a Statement of Advice (or in some circumstances a Record of Advice) which confirms our recommendations and how they will assist to achieve your goals. The Statement of Advice will also explain the risks of our advice and any remuneration we may receive if our recommendations are implemented.

If we recommend that you acquire a financial product, we will also provide you with a Product Disclosure Statement containing information about the product's features and risks.

In combination, these documents will assist you in making an informed decision about whether to proceed with our recommendations.

If you agree to pay us an ongoing fee for our services with no expiry date and our engagement continues for more than 12 months you will receive a Fee Disclosure Statement annually. This will confirm the services you were entitled to receive during the past year and the services your adviser actually provided, as well as the fees paid to your adviser for these services. Details of the services you are entitled to receive are also in your Ongoing Engagement Agreement. If you joined us as a client after 1 July 2013, every second year your adviser will ask you to confirm in writing that you wish to continue to engage us going forward. Our engagement will cease if you do not provide your confirmation for this to continue.

WHAT WE ARE AUTHORISED TO DO?

At the heart of our business is our passion to provide personalised, successful long term strategic financial planning to our clients.

To give you suitable advice, your adviser will work with you to determine your individual financial objectives and needs. To enable your adviser to work with you, you will need to provide relevant information as requested by your adviser. You are not obligated to provide this information, but if you decline to do so your adviser either may not be able to provide advice or the advice may not be entirely appropriate.

Your adviser can liaise with your other professional advisers in relation to matters such as tax, insurance, risk management and estate planning. We are not, however, accountants, nor are we registered tax agents or lawyers.

OUR ADVICE PROCESS

This will begin with initial meetings with you to assess if your personal and financial goals and objectives can be met through our professional services. The discussions will also help you to determine if you wish to engage us to assist you to achieve those goals and objectives.

It is important for you to understand that the discussions in our initial meetings will only be in general terms. This means you should not act or make any decisions until you receive personal advice. This will occur after we have thoroughly investigated and considered viable strategies and products that aim to meet your goals and objectives as agreed with you.

REVIEWS

We cannot promise that the recommended strategy and your investments will remain suitable for you over time. Things change, your personal circumstances, legislation and more suitable investments for you may become available.

For this reason, your adviser may recommend that you engage us to review our advice on an ongoing basis and we strongly recommend you consider this. Likewise, you should contact your adviser whenever your circumstances change to see if your strategy or investments need to be adjusted.

HOW DO YOU INSTRUCT US?

We act for you when providing our services. You may give us instructions in writing, by post, fax or email. Sometimes your adviser will be happy for you to tell them what you want to do over the phone or in person.

FEES AND COSTS

Fees for our Advice

The advice fee is calculated based on your individual needs and requirements, and the extent of financial services provided to you. Before commencing work for you, we will discuss and agree with you the scope of the services that you have asked us to provide, the cost of providing those services and the method of payment. We will confirm this in an Engagement Agreement.

Other fees for any advice or work carried out by other professionals, after consultation and agreement with you, will be separately invoiced to you by that other professional.

Initial Advice

We may charge a fee to cover the cost of producing the advice and implementation of our advice. The fee charged will vary depending on the level and complexity of work involved. This fee, if applicable, is a minimum of \$1,650 including GST.

Ongoing Advice

Establishing your financial strategy is important. Equally important is ongoing advice to cater for changes in your personal circumstances, legislation, economic and financial conditions.

The Ongoing Advice service we provide to you will depend on your situation. We charge a minimum fee of \$2,640 per annum (including GST) or \$220 per month (including GST).

Alternatively, we may calculate the Ongoing Advice Fees as a percentage of the value of your investments, using a flat percentage approach. We charge a maximum of 2.2% per annum including GST of the value of your investment portfolio. The fee is charged monthly in arrears based on the average daily value of your portfolio during the preceding month. A minimum fee of \$2,640 including GST applies. So for example, if your portfolio value is \$500,000, the maximum you would pay is \$11,000 per annum or \$916.67 per month, including GST.

In some cases, these fees will increase in line with CPI or a maximum of 3%p.a. If this is the case it will be documented in the Ongoing Service Engagement Agreement.

The Fitzpatricks Private Wealth Program

The Fitzpatricks Private Wealth Program provides a tailored and highly focussed financial service offer to individuals seeking expertise around a co-ordinated service capturing all aspects of a sound financial strategy including appropriate structures, cash flow management, estate planning, risk management and investment portfolio design and implementation.

We can discuss the suitability of the Fitzpatricks Private Wealth Program services for you, and the cost of this premium service at our initial meeting.

Fees for our Private Wealth Program

The fees for the Fitzpatricks Private Wealth Program will vary depending on your needs and requirements, and may include the services of other professionals such as lawyers and accountants.

The fee for our Private Wealth Program is calculated based on your individual needs and agenda as well as the financial services provided. The minimum fee for this service is \$13,200 per annum including GST, this equates to a monthly fee of \$1,100 including GST. Before commencing work for you, we will provide you with an Engagement Agreement which will confirm the fees charged for our services under this program.

Personal Insurance Services

We accept commissions from the insurers for the personal insurance advice and services we provide to you. The amount varies between insurers. As an indication, we receive up to 88% of the first year's premium to reflect the amount of work we undertake when advising on and arranging the insurance and up to 31% of the ongoing annual premium thereafter, both excluding taxes and statutory charges.

As part of the Life Insurance Framework Reforms legislation which commenced 1 January 2018, the above amounts will reduce from 1 January 2020 to a maximum 66% of the first year's premium and up to 31% (including GST) of the ongoing annual premium.

For insurance products purchased prior to 1 January 2018, we may continue to be paid commissions in the same manner as what would have been previously been advised to you at the time of obtaining the product(s). These commissions are included in the premium for the policy.

The table below illustrates how our commission would currently be calculated for a policy costing \$2,000 in year 1 and increasing to \$2,200 in year 2.

	Year 1		Year 2	
Premium	\$2,000		\$2,200	
Upfront Commission	88%	\$1,760	-	-
Ongoing Commission	-	-	33%	\$726

Where these commissions can be negotiated with the product provider your adviser will agree the amount of up-front and ongoing commissions with you. These will also be set out in your advice document.

Referral Fees

Where you have been referred and we pay a fee or commission in relation to that referral it will be disclosed to you in an advice document. This includes remuneration we may receive for referring you to another party.

We currently have the following agreements in place:

We have an agreement in place with Shaw and Partners Limited to provide direct equity advice to you. Under the arrangement Shaw and Partners Limited retains the first \$100 of each trade (i.e. brokerage fees) with the balance then being split 50% with between TP Capital Management Pty Ltd and Shaw and Partners Limited.

A similar arrangement is in place with Morgan's Financial Limited. Under this arrangement Morgan's Financial Limited retains the first \$50 of each trade (i.e. brokerage fees) with the balance then being split 50% with between TP Capital Management Pty Ltd and Morgan's Financial Limited.

For example, if brokerage fees of \$500 were incurred then Morgan's Financial Limited would retain \$50 and \$225 (50% of 450). TP Capital Management Pty Ltd would receive \$225 (50% of 450).

Wilson's Advisory and Stockbroking Limited to provide MDA services to you. Under this agreement 50% of the ongoing management fee and 15% any performance fees incurred from the management of the portfolio by Wilson's Advisory and Stockbroking Limited are paid to TP Capital Management Pty Ltd. For example, assuming management fees of 1000 were incurred with no performance fees being applicable then both Wilson's Advisory and Stockbroking Limited and TP Capital Management Pty Ltd would receive \$500.
